

RENOVATION DESIGN CONSULTANT

WHO THIS ROLE IS FOR

We are seeking a Renovation Design Consultant who thrives in a fast-paced, results-oriented environment and enjoys owning outcomes from vision through execution. This role is ideal for someone who is forward-thinking, decisive, and energized by responsibility, variety, and challenge.

You will be trusted with meaningful autonomy to set direction, solve problems, and move projects forward. Success in this role requires confidence, sound judgment, and the ability to perform well amid changing priorities and evolving conditions.

WHAT YOU'LL DO

- Lead renovation design projects from concept through completion, balancing vision, execution, and results
- Set and maintain clear project goals while adjusting plans as conditions, timelines, or priorities shift
- Analyze details, risks, and constraints without losing sight of the larger objective or desired outcome
- Make confident decisions and move work forward without excessive oversight
- Coordinate, delegate, and align others to ensure quality, efficiency, and accountability
- Communicate clearly and directly with clients, partners, and internal teams
- Develop and refine systems and processes that improve execution and project performance
- Proactively identify opportunities to improve outcomes, efficiency, and client experience

WHO THRIVES IN THIS ROLE

- This role is a strong fit for someone who:
- Is self-directed, confident, and comfortable leading with autonomy
- Enjoys pressure, deadlines, and multiple moving priorities
- Thinks analytically and uses details to support strong decisions and results
- Communicates in a clear, factual, and direct manner
- Is motivated by ownership, progress, and winning outcomes

IMPORTANT TO KNOW

This is a demanding, high-accountability role that requires mental stamina and adaptability. While attention to detail matters, success depends on the ability to prioritize, make decisions, and keep momentum toward the end goal.
